MR. P. O. THOMAS : May I know who actually decides the selection ?

DR. S. JOHN : I make the recommendation and Government pass the final order.

MR K. A. MATHEW : May I know some of the conditions which would entitle a student for selection in addition to his academic qualifications ?

DR. S. JOHN : I should have my personal interview with the candidate. A man might have obtained very high marks but on personal interview he may not be quite satisfactory. I can find out from his pluck and efficiency whether he will be able to succeed in the medical profession.

MR E. K. MADHAVAN : May I know from the Surgeon-General whether he has got any psychological qualification to determine the future of candidates ? *(Laughter).*

DR. S. JOHN : The honourable Dr. Madhavan must know that doctors ought to posses psychological qualification also. *(renewed laughter).*

MR. K. A. MATHEW : When such a personal appearance has to be decided, should not a committee be appointed to make the selection instead of the judgment being left to the Surgeon-General alone ?

DR. S. JOHN : I see the point.
